## Did you miss the abstract submission deadline? Submit your late breaking abstract now!

Due to high demand, a **second abstract submission phase** for late breaking submissions has been opened! Are you ready to submit?

**Abstract submission is possible until 28 February 2022, 23:59 CET!**

Make sure to submit your abstracts now - this is the last chance to be a part of the Conference with your research.

FEMS and the Serbian Society for Microbiology (SSM) are looking forward to receiving your abstracts and to meeting you at the Belgrade Conference in June 2022!

## Submit your late breaking abstract until 28 February, 23:59 CET!

The Conference Scientific Committee is happy to accept abstracts from the following topics:

- Advanced Microbiology Techniques
- Antimicrobial Infections

- Biotechnology and Industrial Microbiology
- Emerging and Re-Emerging Infections (Fungal, Bacterial, Viral, Parasitic)
- Environmental Microbiology
- Food Microbiology
- Miscellaneous
- Plant Microbiology
- FEMS-sponsored projects

Late Breaking Abstract Submission is possible until 28 February 2022, 23:59 CET. Read our abstract guidelines [here](#) or submit via the link below!

Please note that grant applications cannot be accepted at this stage.

## Delivering Events: Safety first!

### **Present your science, in any case!**

FEMS Conference on Microbiology 2022 is planned as an in person scientific event, where after three long years, our scientific, professional and business community should gather again.

In case of force majeure and enforced restrictive measures mitigating COVID-19, newly presented or still in force at the time of the Conference, *the Conference will offer abstract presenters a virtual alternative to present their poster*, on which you will be duly informed.

[Find out more about our COVID measures](#)

## Preliminary Programme

Have a look at our preliminary programme overview with confirmed lecturers to date and titles of their lectures [here](#).

We expect another 30 international experts as invited lecturers and will continue to update you on the newest editions of the Conference programme.

Let us know on Twitter which session you are looking forward to the most! Tweet #FCOM22

### BROWSE PROGRAMME

You can find up-to-date information and links to the registration system on the conference website at [www.femsbelgrade2022.org](http://www.femsbelgrade2022.org).

We are looking forward to a great experience for all involved!
